PROFILE

Pipefitter with 18+ years of hands-on experience across the Netherlands, Romania, UK, Norway and Italy. Specialised in stainless steel piping across various DN sizes and carbon steel for petrochemical, naval and workshop applications. Experienced across high-pressure gas transmission, petrochemical, tank storage, semiconductor cleanrooms, industrial refrigeration (NH3), naval, and food & beverage sectors. Currently operating as ZZP in the Netherlands and available immediately. Strong focus on isometric drawings, flange protocol (NEN-EN 1591-4), Swagelok tube fitting installation, and on-site safety.

SECTOR EXPERIENCE

Sector	Representative clients / sites
Gas / Energy infrastructure	Gasunie (high-pressure gas transmission)
Petrochemical	Chemelot (Sittard-Geleen)
Tank storage / terminals	Vopak
Semiconductor (cleanroom / UHP)	ASML
Industrial refrigeration (NH3)	Sportpark Glanerbrook - ice rink cooling installation, Sittard-Geleen
Naval / shipyards	Aker, Vard, Daewoo Mangalia, GME, Pipe Systems, Seaway, Tecnaval
Food & beverage (hygienic)	Sligro, QPI
Workshop prefab + tank repair	Stainless tank repair, prefab spools

TECHNICAL SCOPE

- Stainless steel piping: various DN sizes - process, utilities, hygienic, UHP
- Carbon steel piping: petrochemical, naval, workshop
- Industrial refrigeration piping (ammonia / NH3 systems)
- Flange assembly per NEN-EN 1591-4 protocol (WFPr certified)
- Swagelok tube fitting installation (Essential certified)
- Isometric drawing interpretation and execution
- Workshop prefabrication: spool fabrication from drawings
- Stainless tank repair and maintenance
- Cleanroom / UHP discipline (ASML)
- Tack welding to support fit-up; full welding handled by certified welders
